

## **PRESS RELEASE**

### **Rush Residents Next In Line for New Drainage Infrastructure**

Fingal County Council showed its continued determination to improve infrastructure in the county, by awarding a second contract in the Portrane/Donabate/Rush/Lusk (PDRL) Waste Water Treatment Scheme, namely, Sandy Road / Channel Road Sewer Upgrading.

On Friday 7<sup>th</sup> October Fingal County Council signed a €0.9M contract with Wills Bros. Ltd to upgrade almost 2Km of sewers in Rush. When construction is completed next summer, approximately one quarter of the town will be able to connect to the new Treatment Plant which, is currently under construction in Portrane. This will be welcome news for locals who have supported the Council in securing approval from central government. Construction work will start early in November.
