Garristown Library Book Club marks 10th anniversary

The staff at Garristown Library would like to congratulate the Garristown Library Book Club who recently celebrated their 10th anniversary. The book club began in 2008 and has remained as strong as when it first began.
Today there are eleven avid readers in the group. They meet every month in the library and over the years they have read titles from all genres. In 2016 the group were honoured to take part in the Two Cities One Book initiative which was organised by Dublin City Council.

The project saw book clubs from Belfast meeting with book clubs from Dublin as part of Dublin’s 2016 commemoration programme.

Garristown Library Book Club has a past which the members are very proud of and they will hopefully celebrate many more anniversaries in the future.
