MESSAGE FROM MAYOR AND CHIEF EXECUTIVE

Fingal County Council's Corporate Plan for 2019-2024 has been produced after an intensive period of consultation with Councillors, staff, community groups, business groups, citizens organisations and other stakeholders over the past few months.

The Corporate Plan is a statement of our vision, our values and our objectives for a county with the fastest growing, youngest and most diverse population in Ireland. It identifies the opportunities and challenges that lie ahead over the next five years.

All elements of Fingal County Council's input to life in this county were considered and strategic areas where we can continue to make a positive contribution to the quality of life for the people of Fingal have been identified.

The result is a strategic document that presents the vision and mission statement, core values, themes, strategic priorities and strategic objectives which will guide the Council from now until 2024. It links together key elements such as Policy, Organisation, Operational Activity, Governance and Performance Management and serves as our roadmap for the next five years.

It will be the driver of our Annual Budgets, Capital Programmes and Service Delivery Plans. Each Department will have priority plans and strategies aimed at achieving our Corporate Objectives.

We will have in place a method of measuring outputs and outcomes to ensure we are delivering on our commitments, that we are accountable and that what we do is transparent. The Plan will be continuously

monitored and reviewed to ensure we can respond quickly to changes in whatever form they may take.

In particular, the Plan reflects the Council's responsibilities towards human rights and equality, supports for people with disabilities to live ordinary lives and the inclusion of migrants within Fingal as well as its activities in relation to Climate Action.

Our staff are fully committed to the implementation of the Corporate Plan and will work with our Councillors, citizens and stakeholders to make Fingal the place of choice in Ireland.

We would like to thank everybody who contributed to the creation of this Corporate Plan and look forward to seeing the Elected Members and staff jointly embracing the challenge over the next five years of realising the ambitions contained within it.

Clr Eoghan O'Brien
Mayor of Fingal

AnnMarie Farrelly
Chief Executive

INTRODUCTION

The Corporate Plan 2019-2024 has been prepared in accordance with the statutory requirements set out in the Local Government Act 2001 as amended.

It has also been prepared in line with the Council's statutory obligations under Section 42 of the Irish Human Rights and Equality Act 2014 to eliminate discrimination, protect human rights and promote equality of opportunity.

Key to the development of this Plan is the consultation that was undertaken involving internal and external stakeholders. An extensive consultation process was undertaken with a large number of staff throughout the organisation. In addition, the business community, Non-Governmental Organisations and community groups across the myriad of organisations affiliated with the Public Participation Network (PPN) and the Local Community Development Committee (LCDC) were consulted in the development of this Plan. The final Plan reflects the inputs from this extensive consultation process.

The Corporate Plan 2019-2024 has set out the strategic priorities and objectives for the Council based around four strategic themes of:

- **QUALITY OF LIFE**
- **QUALITY AND CLIMATE RESILIENT ENVIRONMENT**
- **QUALITY BUSINESS ENVIRONMENT**
- **QUALITY IN OUR WORK**

CONTEXTUAL OVERVIEW/EXTERNAL FACTORS

The county of Fingal comprises a geographical area of 450 square kilometres stretching from Balbriggan in the north of the county to Blanchardstown in the south west and over to Howth in the east. The coastline stretches over 88kms with 13 major beaches, three large estuaries and salt marsh habitats. It is a county rich in cultural heritage with the Council playing a major role in the development of some of the key visitor attractions including Ardgillan Demesne, Newbridge House, Malahide Castle and Gardens and Skerries Mills.

The county has significant economic advantages notably its proximity to Dublin City and Port through the Port Tunnel and its location on the Dublin Belfast economic corridor. The major arterial routes of the M50, M1, M2 and M3 link the county with the rest of Dublin and with the north of the country. Dublin Airport, located in the heart of the county, in addition to being a key hub into and out of the country is also a significant economic driver in the county.

The Dublin Enterprise Zone, located in Blanchardstown, which consists of 1,571 hectares of industrial land, is home to many household names in the IT and pharmaceutical sectors providing employment to over 19,000 working in 780 companies.

The county is home to one third level institute, the Technological University Dublin, formerly the Blanchardstown Institute of Technology, and has also developed close links with Dublin City University.

The demographics of the county are set out in the following sections.

POPULATION

The 2016 Census recorded a population of 296,020 in Fingal, the third highest in the country, behind Dublin City and Cork County. This represents an 8% increase on the 2011 Census and more than 17% on the 2006 Census, a faster growth rate than any other local authority area in the same period.

AGE

Circa 42% of the population of the county were below 30 years of age in 2016 as compared to the national average of 39%, while over 13% were aged 60 and over as compared with 18% nationally. The age categories of 0-15 and 25-39 years of age are those in which Fingal substantially exceeds the national profile.

HOUSEHOLDS

According to the 2016 Census there were 96,812 households in Fingal, 16,400 more than 2006 an increase of over 20%. The average size of all private households was 3.03 persons in 2016 while for the State as a whole it was 2.75 persons.

NATIONALITIES

Fingal has the second highest number of non-Irish nationals at almost 64,000, behind Dublin City, and has the 3rd highest level in proportion to Irish nationals behind Galway and Dublin cities.

CONTEXTUAL OVERVIEW/EXTERNAL FACTORS

ECONOMIC CONTEXT

Fingal has tremendous natural, physical, geographic and economic assets, which reflect its size, location, people, and role both in Dublin and nationally.

The economic context in which this Corporate Plan has been prepared sees the total labour force in Fingal standing at 149,386 as per the Census of 2016. The county had the highest rate of labour force participation, amongst all the cities and counties. The county has the highest employment rate and lowest unemployment rate relative to other counties in the State as a whole.

The 2016 Census showed the employment rate in the county at almost 90% of the labour force compared to 87% nationally.

This presents both a strength and opportunity given the productivity and energy of a young population and workforce, but also a challenge in respect of service provision, housing, social and cultural assets, delivering quality of life, social cohesion, and serving the mobility and other needs of a socially and economically active population. There are also the relative unknowns such as Brexit - its full impact on the county is yet to be determined.

The county has a broad economic base, with all sectors well-represented in the workforce, along with many uniquely-important features of economic infrastructure including Dublin airport and its cluster of ancillary manufacturing and service industries, higher education institutions

at DCU and Blanchardstown, as well as sectoral enterprise clusters in pharmaceuticals, life sciences, IT and food production.

Future regional competitiveness requires continuous protection and enhancement of these assets, as well as action to support the development of the enterprise mix into higher-value, durable and internationally competitive activities.

The Regional Spatial and Economic Strategy foresees the population of the Eastern and Midland region growing by approximately 500,000 persons by 2040, and that of Fingal county increasing by approximately 50,000 by 2031 (growth of some 16% over 2016). This will bring significant demands in terms of services and infrastructure, as well as opportunities and potential in respect of human capital, social development, and economic opportunity and wellbeing. An overriding challenge is to grow and develop in ways which facilitate economic opportunity and access to appropriate services, are environmentally sustainable, and which protect and enhance people's livelihoods, health and quality of life.

Entering this next phase of national and regional development, some of the challenges for Fingal County Council in fulfilling its role in spearheading and enabling sustainable and prosperous growth will include:

- proactively and resourcefully planning for our population in the context of social, infrastructural, and service needs

- facilitating mobility needs and changing patterns of commuting and economic activity, including the demand for public transport, remote working and shared working spaces in the county

- meeting the housing needs of a growing population, in respect of units, locations, sizes, designs, affordability, services and positive and sustainable community development

- addressing the vast diversity within the county, both physically and socially

- addressing the stark challenges of climate change and environmental resource depletion in all areas of physical, social and economic life

- embracing the full potential and opportunities of technology across service provision, infrastructural management, and citizen engagement

- protecting, supporting and enhancing the county's current and future economic assets and resources.

CONTEXTUAL OVERVIEW/EXTERNAL FACTORS

AFFLUENCE AND DEPRIVATION

Pobal's Haase Pratschke (HP) Deprivation Index listed Fingal's Deprivation Score at 5.31 in 2016, meaning that when considered in aggregate, the county was the second most affluent city or county in the country. However, the aggregate score masks a great divergence across local areas in the county with some areas listed as very affluent and others as severely disadvantaged or below average levels of affluence.

PUBLIC SECTOR DUTY

Fingal is committed to its statutory obligation under the Irish Human Rights Equality Act 2014 to eliminate discrimination, promote equality of opportunity and protect the human rights of staff and of those to whom it provides services.

OPERATING ENVIRONMENT

DUBLIN REGION-CONTEXT

It is recognised that Fingal contains both a large urban area and a strong rural hinterland and that new public transport corridors will provide new opportunities to strengthen the development of high quality, high capacity public transport together with housing growth.

In this regard future expansion of the existing urban area should only happen in tandem with the planned, committed development of high quality heavy or light rail based public transport projects.

This will support the implementation of the National Transport Authority's Transport Strategy for the Greater Dublin Area and maximise the benefit of the large-scale investment currently being made in public transport in the Dublin Metropolitan region.

The Regional Planning Guidelines' specifically recommend that the majority of future housing in Fingal should occur within the catchment areas of such strategic transport infrastructure, and phasing for towns outside of these corridors allowing for lower levels of growth in line with the natural increase in population levels.

PLANNING & STRATEGIC INFRASTRUCTURE

The Fingal Development Plan 2017 – 2023 sets out the overall aims and strategic direction for the County, including a settlement strategy of consolidated development and maximising efficient use of land and integrating land-use and transportation. The National Spatial Strategy was implemented in the Dublin and Mid-East Regions through the Regional Planning Guidelines for the Greater Dublin Area 2010-2022. These Guidelines were the key regional policy influence on the preparation of the Development Plan. They also seek to deliver policies that integrate land use, transport, economic growth and investment in utilities – water, broadband and energy so that the Greater Dublin Area (GDA) can move towards becoming a sustainable high quality location for business, residents and visitors.

OPERATING ENVIRONMENT

HOUSING

The provision of quality housing in the appropriate locations underpins wider national and regional economic and social progress, not least by ensuring that our cities, towns and villages are successful and attractive places to live and work. The challenges currently faced in the housing sector are complex with significant challenges in meeting the housing needs of a growing economy. The delivery of social housing to meet the current and future needs of our citizens continues to be a challenge for all local authorities including Fingal County Council. This delivery is undertaken and guided by the Fingal Housing Strategy, the Traveller Accommodation Programme 2019-2024 and the objectives of the Government's strategy Rebuilding Ireland – Action Plan for Housing and Homelessness which prioritises addressing homelessness, the acceleration of housing delivery across all tenures, a better rental sector and a more efficient use of the housing stock.

The Dublin region continues to face a serious challenge to resolve the crisis of homelessness and Fingal County Council continues to work collaboratively with the other Dublin Local Authorities and the Dublin Region Homeless Executive. The Council strives to tackle homelessness and bring forward innovative solutions to help the more vulnerable members of the community by adopting a strategic approach and identifying real actions required to prevent, protect and progress those at risk

of or experiencing homelessness in accordance with the Homelessness Action Plan 2019-2021.

The Council will strive to ensure the supply of housing in the county to provide sustainable, quality, affordable, mixed tenure housing options through land use activation and development management and working collaboratively with key stakeholders.

The facilitation of good quality rented accommodation standards to enhance the quality of life for individuals and families living in the rented accommodation sector is a priority objective for the Council.

OPERATING ENVIRONMENT

INFORMATION TECHNOLOGY

In the area of Information Technology (IT) we will use digital technologies to enable the design of services which meet the needs of citizens and businesses, which are easier for citizens and businesses to use, and which are more cost-effective for the Council to deliver.

We will focus on three pillars for the delivery of IT Services – Digital Council, Digital Services and Digital County. We will also align our approach with the objectives outlined in the Public Service and Local Government ICT Strategies – Build to Share; Digital First; Data as an Enabler; Improve Governance.

Digital Council

We will use digital technologies to enable and transform the Council workplace by digitalising manual and paper-based processes and implementing available, reliable, performant and secure technology infrastructure.

Digital Services

We will use digital technologies to enable and transform the delivery of Council services through end-to-end user-centric service and policy design, and innovation in service delivery.

Digital County

We will use digital technologies to contribute to improving the way we live, work and do business in Fingal

Build to Share

We will continue to work collaboratively and to seek opportunities for further collaboration with the Local Government sector and other Government bodies on shared approaches to services, application delivery, infrastructure, security, support and procurement.

Data as an Enabler

We will maximise the management, use and sharing of data to support and improve the delivery of services; to drive efficiencies; to better inform decision making and to increase openness and transparency between the Council and the public.

Improve Governance

We will pursue a continuous improvement process in the area of Information Technology governance to ensure alignment, reduce risk and ensure best practice in governance and security.

The implementation of the Council's Digital Strategy will be key in delivering on the commitment to maximise the benefits of the rollout of the National Broadband Plan. The Council is committed to facilitating the rollout of the National Broadband Plan and recognises the vital role digital connectivity will play in Fingal's urban and rural economic and social development.

OPERATING ENVIRONMENT

SHARED SERVICES

The Council is already actively involved in the delivery of a number of its services through a shared services model and will continue to explore further opportunities.

The Council will continue to act as an agent for Irish Water in the delivery of water services and waste water treatment to the Greater Dublin Area.

In June 2018 the Local Government Management Agency (LGMA) approved the introduction of the Age Friendly Ireland Centralised Coordination Unit with the management of the national shared service for Age Friendly within Meath County Council.

This shared service offers a unique opportunity to consolidate how information is gathered, hosted and shared across all 31 Age Friendly Programmes. Fingal County Council is hosting the Regional Age Friendly Programme Manager for the East region which also includes Dun Laoghaire Rathdown, South Dublin, Meath and Louth County Councils.

Dublin City Council will continue to act as the lead for the Waste Enforcement Regional Local Authority (WERLA).

The WERLAs have responsibility for coordinating waste enforcement actions within regions, setting priorities and common objectives for waste enforcement, ensuring consistent enforcement of waste legislation across the three existing waste management planning

regions. Council personnel will continue to act as first responders on the ground to specific breaches of waste legislation.

The Council plays an active role in the Dublin Region Homeless Executive (DRHE) which is a shared service operation, operating under the aegis of Dublin City Council as the lead Statutory Authority in the Dublin Region in respect of the co-ordination of responses to homelessness.

Laois County Council operates a Local Government Shared Services Centre for the purpose of providing payroll processing and superannuation services to the sector. The shared services centre is operated by staff of Laois County Council and is otherwise known as "MyPay". MyPay currently provide payroll and superannuation services to 30 local authorities, including Fingal County Council.

The Fire Service for Fingal is provided by Dublin City Council. The full services of Dublin Fire Brigade, including the Ambulance Service, deal with incidents, accidents and emergencies in Fingal.

OPERATING ENVIRONMENT

BUILDING CONTROL

The Council is designated as Building Control Authority under the Building Control Acts 1990 to 2014 with strong powers to promote and enforce compliance with Building Regulations and Construction Product Regulations.

The aim of the building regulations is to provide for the safety and welfare of people in and about buildings, to provide for the special needs of disabled persons and for the conservation of fuel and energy. Effective compliance underpins markets, protects the environment and the rights and safety of the citizen.

The Council works collaboratively with the newly established National Building Control Office which has been set up to oversee and strengthen the Building Control Function in local authorities as a shared service within Dublin City Council.

FINANCIAL MANAGEMENT

The Council's financial resources will be managed in the most prudent fashion in order to maximise the availability of funds to allow for the effective delivery of services across the organisation.

This will be achieved through the provision of an effective and efficient commercial rates collection service; maximising output from all financial funding sources; monitoring the short and long term financing needs of the Council and optimising the use of resources and obtaining value for money.

The Finance Department will facilitate the advancement of the delivery of the Council's adopted Capital Programmes subject to available funding and further will provide an effective Insurance Section resourced to allow for, where it is appropriate, the robust defence of claims, to minimise their impact on resources.

CLIMATE ACTION

The Council has developed its Climate Change Action Plan with the assistance of the City of Dublin Energy Management Agency (Codema) and the Dublin Metropolitan Climate Action Regional Office (CARO). The plan was adopted by the Council in May 2019.

The action plan has targets of a 33% increase in Energy Efficiency by 2020 and a 40% decrease in CO2 by 2030 for the Council's activities. The Council will help to make Fingal climate-resilient and play a leadership role in transitioning to a decarbonised society, climate proofing our strategies, policies and procedures and actively engaging our citizens. The Council will continue to work in close collaboration with the other Dublin Local Authorities, the Dublin CARO, regional authorities and national bodies.

OPERATING ENVIRONMENT

CUSTOMER SERVICES

The customer service model used by the Customer Care Unit (CCU) which was already in operation in County Hall has been expanded to the Council offices in Blanchardstown and Balbriggan and demonstrates the Council's commitment to improving the customer experience. Customer interactions channelled through the Customer Service Agents within the CCU via phone, email and in person will, where possible, be dealt with at the first point of contact.

The expansion of this first point of contact model focusses on the delivery of quality customer service. The Council is committed to providing and delivering professional, helpful, high quality service and assistance to ensure that the customers' requirements are met.

It is intended that other interactions, including those by digital means, will be dealt with by the CCU to reflect the digital transformation of the Council and the evolving methods of how people interact.

WASTE ENFORCEMENT

The Waste Enforcement Unit will continue to ensure compliance with Waste Management Regulations including permitting of waste recovery facilities, monitoring and control of waste movement and producer responsibility obligations.

The unit will prepare the annual RMCEI Plan (Recommended Minimum Criteria for Environmental Inspections) which identifies and prioritises enforcement activities and inspections in Fingal.

OPERATING ENVIRONMENT

RISK MANAGEMENT

The development of a corporate risk management strategy was a significant step in the identification of risk in the delivery of Council services.

The purpose of the strategy is to effectively manage potential opportunities and threats to the Council.

Risk Management is a central part of the service delivery planning process and the way in which the Council manages its affairs. It is a continuous and developing process whereby the Chief Executive and Executive Management Team will methodically address the risks relating to its activities and objectives with the goal of achieving economic, efficient, and effective service delivery.

Risk Management is not about avoiding risk, rather, it is about understanding and evaluating opportunities and threats and making informed decisions about how these are to be managed in order to maximise the efficiency of services provided to the people of Fingal.

HUMAN RESOURCES

Staffing levels in Fingal have seen an increase in numbers from the period post the economic downturn.

At the adoption of the Plan, there are currently 1,356 whole-time equivalent (wte) staff working across the various departments in the organisation. In an economy which is operating at close to full employment, the recruitment and retention of staff has been challenging and is likely to continue for the foreseeable future.

The Digital Workplace Programme will transform the working environment for existing and prospective staff while marketing of our jobs and services will show the Council as an attractive place to work and make a contribution to the community. The Council will continue to invest significantly in the area of staff training and development.

This demonstrates our commitment to staff in the organisation and will develop organisational capacity to meet the challenges in service delivery into the future.

The Council will continue to focus on the delivery of high-quality services and staff performance will continue to be managed through the Performance Management Development System (PMDS).

OUR VISION

Fingal - a great place to live, work,
visit and do business

OUR MISSION

To be a vibrant, outward looking,
well run Council that
shows leadership and
embraces diversity
and opportunity

OUR CORPORATE VALUES

ACCOUNTABLE

We are accountable for delivering on our commitments

ACT WITH INTEGRITY

We work in a principled, open and conscientious manner

CONTINUOUSLY IMPROVE

We embrace change and pursue excellence

DEMOCRATIC AND CIVIC LEADERSHIP

We value the democratic process and protect civic leadership

ENGAGE AND INSPIRE

We focus on engaging and inspiring our citizens

INCLUSIVENESS

We will include all citizens in our activities

PUT PEOPLE FIRST

We value people, encourage their development and reward their performance

SUSTAINABILITY

We keep sustainability to the forefront of everything we do

STRATEGIC THEMES

Four strategic themes have been identified as part of the development of this Plan reflecting the complex and interlinked working environment of the organisation.

These themes cross cut all Departments in the organisation in the delivery of our services to the citizens of Fingal. Each theme has a number of high level strategic priorities and each strategic priority has in turn a number of strategic objectives.

Set out in the next section are the strategic priorities and strategic objectives linked to each of the four Themes.

THEME 1: QUALITY OF LIFE

3 PRIORITIES

20 OBJECTIVES

THEME 2: QUALITY AND CLIMATE RESILIENT ENVIRONMENT

2 PRIORITIES

11 OBJECTIVES

THEME 3: QUALITY BUSINESS ENVIRONMENT

3 PRIORITIES

11 OBJECTIVES

THEME 4: QUALITY IN OUR WORK

3 PRIORITIES

14 OBJECTIVES

THEME 1: Quality of Life

STRATEGIC PRIORITY

SUPPORT THE DIVERSE NEEDS OF THE PEOPLE OF FINGAL

STRATEGIC OBJECTIVES

Provide for the sustainable development of the county through the review of the County Development Plan - and the preparation of a new Plan

Facilitate the supply of housing, both public and private, in the county to provide sustainable, quality, affordable, mixed tenure housing options through land use activation and development management

Facilitate good quality private rented accommodation standards to enhance the quality of life for individuals and families living in the private rented accommodation sector

Strive to ensure that all communities in Fingal irrespective of age, nationality, ethnicity, religious or cultural background are encouraged to participate in and avail of the services delivered by the Council

Provide a safe and sustainable public realm to meet the needs of all the citizens of the county.

Develop and enhance the arts and cultural identity of Fingal, make space for the arts connecting people and ideas and encouraging participation in all art forms.

Provide dynamic and inclusive library spaces and services for the community

Support culture and recreation and enable literacy, education and economic development through innovative programmes

Create effective pathways for citizens of Fingal to develop and participate in lifelong patterns of involvement in sport, recreation and leisure creating healthy lifestyles and building a sustainable approach to sport development

STRATEGIC PRIORITY

ENSURE OUR EXISTING AND NEW COMMUNITIES ARE SAFE, INCLUSIVE AND SUSTAINABLE

STRATEGIC OBJECTIVES

Develop plans to facilitate the increase of supply of housing in the county

Build a strong sense of place, identity and wellbeing through the development of equal, inclusive and connected communities

Support the growth of strong and resilient neighbourhoods

Provide high quality parks and open spaces to meet the needs of all users and create a healthy environment

Foster collaborative leadership among stakeholders in local community & economic development

Support the development of strong, safe and engaged communities to actively participate in civic life celebrating our identity through arts, culture, heritage and sport

Support local communities and residents to meet the needs of the most vulnerable in our society working with other agencies in Fingal

STRATEGIC PRIORITY
DEVELOP ENGAGEMENT WITH OUR STAKEHOLDERS

STRATEGIC OBJECTIVES

Ensure that our citizens, businesses and organisations can easily communicate with the Council

Engage and consult with citizens and stakeholders in a way that allows their views to be taken on board, through the use of both statutory and non-statutory processes

Strengthen and support stakeholders and statutory providers by collaborating in the economic and social development of the county

Strengthen, support and expand the work of the Fingal Public Participation Network (PPN)

THEME 2: Quality and Climate Resilient Environment

STRATEGIC PRIORITY *ACTION ON CLIMATE CHANGE*

STRATEGIC OBJECTIVES

Deliver on the specific actions in the Climate Action Plan to improve climate resilience.

Play a leadership role in transitioning to a decarbonised society

Promote and protect the biodiversity of the county and work to restore ecosystems and ecosystem services

Promote and enforce a culture of compliance within the county to advance Climate Action commitments

Foster a strong local economy through environmentally sustainable businesses

STRATEGIC PRIORITY *PROTECT OUR ENVIRONMENT AND HERITAGE*

STRATEGIC OBJECTIVES

Promote and protect the built and cultural heritage of the county

Promote the unique urban, rural and coastal landscape character of Fingal

Support the unique cultural heritage of Fingal and the Irish language

Promote the sustainable management of waste & the circular economy

Reduce the environmental impact of Council activities

Ensure our coast, beaches and waterways are managed in a sustainable manner

THEME 3: Quality Business Environment

STRATEGIC PRIORITY

PROMOTE AND ENABLE SUSTAINABLE ECONOMIC GROWTH

STRATEGIC OBJECTIVES

Foster collaborative leadership in the development of future skills in the county

Support and promote the sustainable economic development of Fingal

Support the performance, innovation, competitiveness, productivity and success of business in Fingal

Support local economic development by promoting Fingal as a location in which to invest and by developing and implementing sectoral policy initiatives

STRATEGIC PRIORITY

GROW AND ENABLE SUSTAINABLE TOURISM

STRATEGIC OBJECTIVES

Strengthen the proposition and marketing of tourism in the county

Facilitate the creation of a Fingal Food & Drink Tourism Destination

Promote heritage led tourism initiatives at Fingal Heritage properties

Optimise and expand visitor experiences at all Fingal visitor attractions and events

STRATEGIC PRIORITY

PROVIDE AND MAINTAIN STRATEGIC INFRASTRUCTURE

STRATEGIC OBJECTIVES

Activate lands by delivering infrastructure to facilitate the delivery of housing, economic development and sustainable communities

Deliver a sustainable transport system for all citizens

Deliver work programmes that develop and maintain strategic, physical and green infrastructure of the county

THEME 4: Quality in Our Work

STRATEGIC PRIORITY **IMPROVE DEMOCRACY, GOVERNANCE, OPENNESS AND TRANSPARENCY**

STRATEGIC OBJECTIVES

Provide the highest quality of service to our Councillors and all elected representatives

Ensure good governance, openness and transparency within the Council

Ensure that the democratic functions of the Council are performed in an open, informed and effective way

Inform citizens through effective communications programmes

STRATEGIC PRIORITY **DELIVER QUALITY SERVICES**

STRATEGIC OBJECTIVES

Deliver services in the most efficient and effective manner

Foster a culture of continuous improvement in all our activities

Use digital technologies to enable and transform our workplace and the delivery of services

Apply the principles of good design, delivery, management and informed decision making to all projects, programmes and delivery of services

Perform statutory obligations in a way that ensures fairness and efficiency for both the community being protected and those being regulated

Deliver on the Public Sector Duty under the Irish Human Rights and Equality Act 2014

STRATEGIC PRIORITY **STRENGTHEN ORGANISATIONAL AND STAFF DEVELOPMENT**

STRATEGIC OBJECTIVES

Build a workforce of the future by recruiting, retaining and developing high quality and motivated staff

Protect and promote Health, Safety and Wellbeing amongst our staff

Develop capacity and capability of the organisation

Manage the organisation effectively

IMPLEMENTATION & MONITORING

Progress on achieving objectives will be monitored through the following National, Regional and Local protocols and arrangements:

National

National Service Indicators

National Oversight & Audit Commission

Regional

Interactions with the Office of the Planning Regulator

Interactions with the Eastern and Midland Regional Assembly

Local

Local Authority Annual Report

Annual Service Delivery Plan - quarterly reviews

Audit Committee Reports

Local Government Audit Reports

Annual Budgets and quarterly reviews

Three Year Capital Programmes - annual and quarterly reviews

End of Year Accounts and Outturn Report

Monthly Chief Executive Report to Council

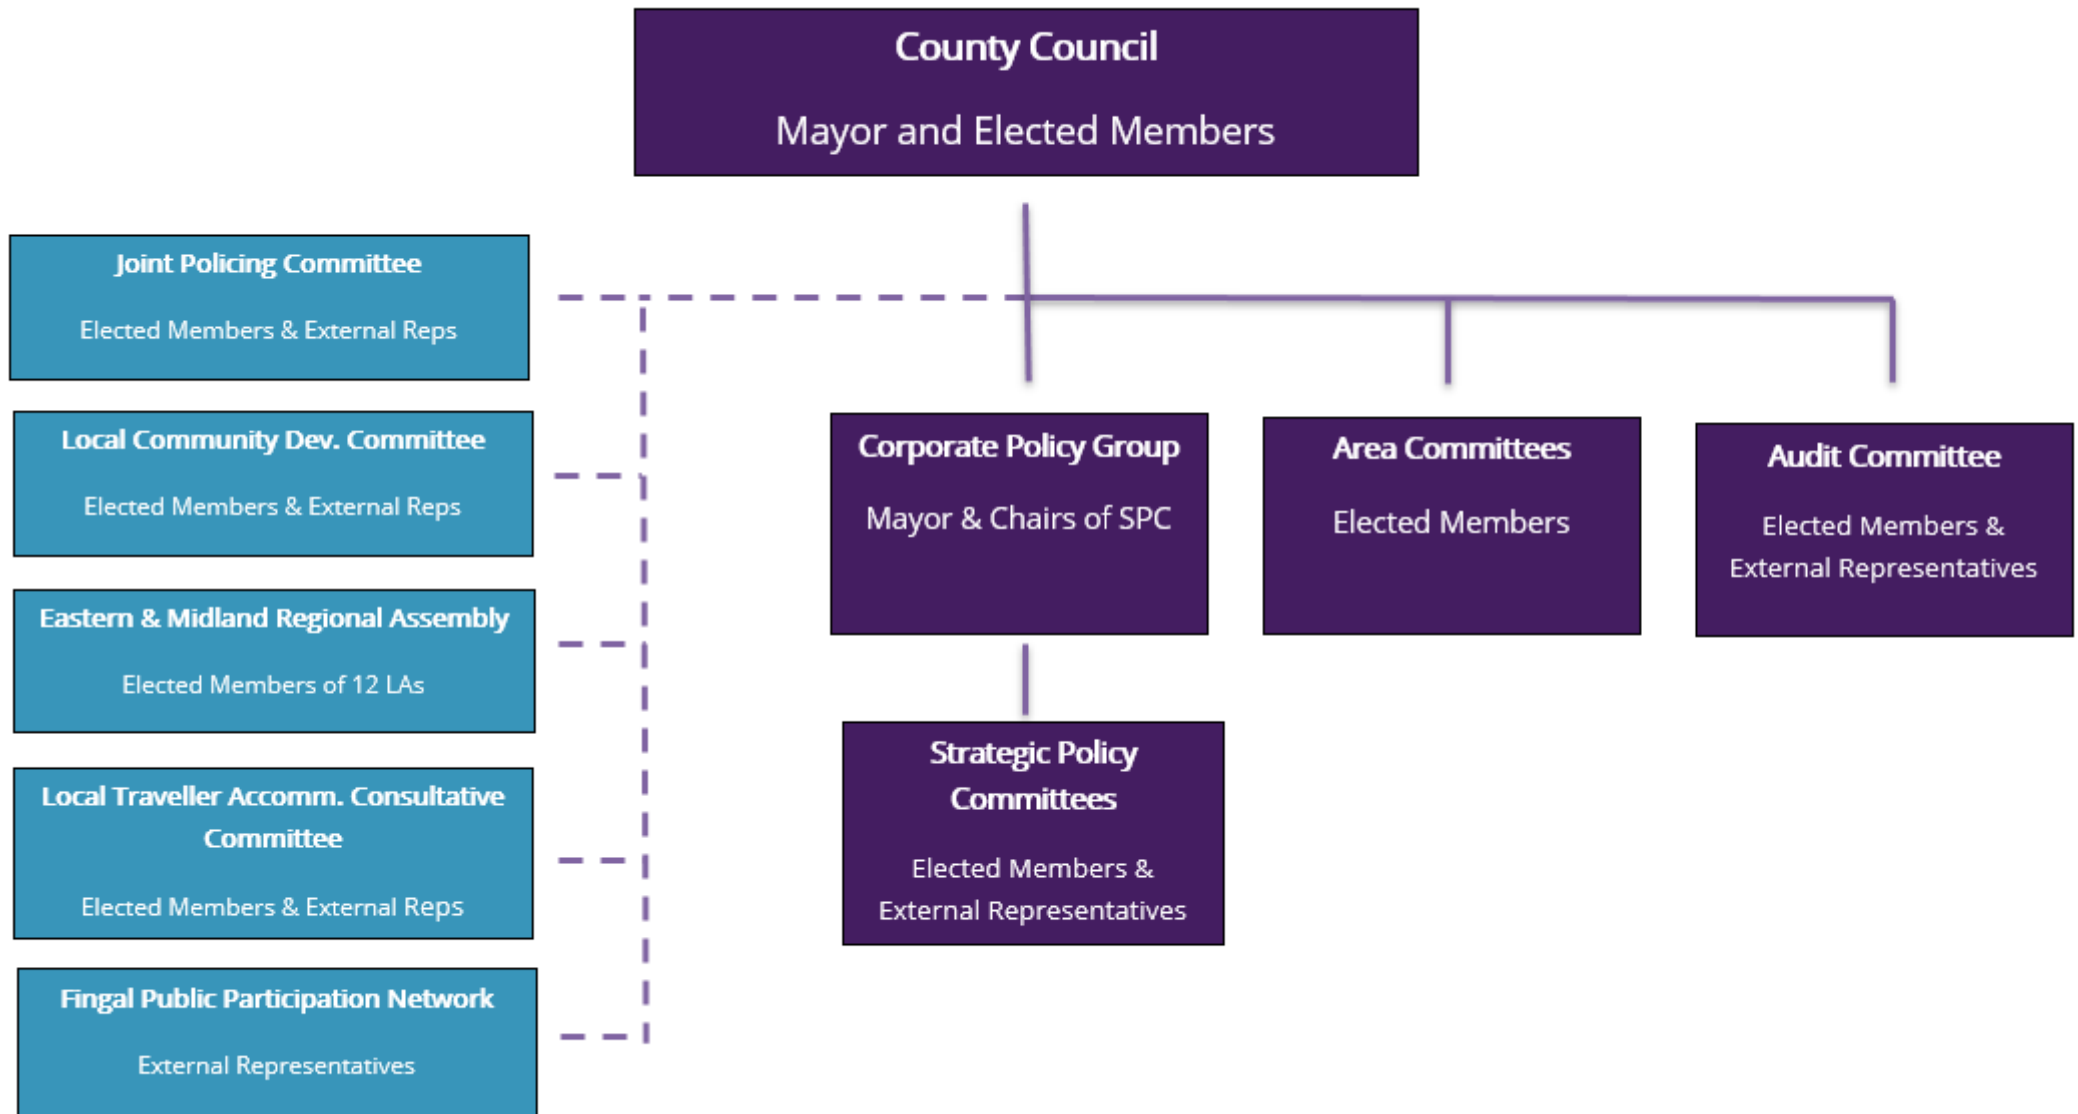

Departmental Operational Plans

Performance Management Development System (PMDS)

Customer Surveys

Consultation Portal

APPENDIX 1: The Council, its Committees and Associated Bodies

APPENDIX 2: The Council and its Committees

COUNTY COUNCIL

The County Council is the policy decision making body and meets on a monthly basis with separate meetings for the Annual General Meeting and the adoption of the Annual Budget. It consists of 40 Members elected every 5 years. The current Council took up office in June 2019 and will remain in office until June 2024.

The position of Mayor is put forward for election at the Annual General Meeting in June of each year.

AREA COMMITTEES

Business of a more local nature is assigned to Area Committees of which there are three:

- Blanchardstown-Mulhuddart/Castleknock/Ongar Area Committee - 16 Members
- Balbriggan/Rush-Lusk/Swords Area Committee - 17 Members
- Howth/Malahide Area Committee - 7 Members

The role of Area Chairperson is put forward for election each year.

AUDIT COMMITTEE

The Audit Committee has an independent role in advising the Council on financial reporting processes, internal control, risk management and audit matters, as part of the governance arrangements that operate within the Council. The Audit Committee is established by resolution of the Council upon nomination by the Corporate Policy Group and consists of seven members, three Elected Members and four external members.

CORPORATE POLICY GROUP

The Corporate Policy Group (CPG) advises and assists the elected Council in the formulation, development, monitoring and review of policy. It consists of the Mayor, as Chair, and the Chairpersons of six Strategic Policy Committees.

STRATEGIC POLICY COMMITTEES

Strategic Policy Committees formulate, develop, monitor and review policy which relates to the functions of the Council. The SPCs are made up of elected Members and nominees from sectoral interest bodies associated with the particular area of focus of the committee. The SPC Chair is elected for the full 5 year term of the Council.

	MEMBERSHIP		
	TOTAL	ELECTED MEMBERS	SECTORAL INTEREST
Climate Action, Biodiversity, Environment	9	6	3
Community Development, Heritage, Culture & Creativity	9	6	3
Economic, Enterprise & Tourism Development	12	8	4
Housing	12	8	4
Planning, Strategic Transport & Infrastructure Development	9	6	3
Transport and Infrastructure Management	9	6	3

APPENDIX 3: Associated Statutory Bodies

FINGAL LOCAL COMMUNITY DEVELOPMENT COMMITTEE

The Fingal Local Community Development Committee (LCDC) is responsible for coordinating, planning and overseeing local development initiatives including the implementation of the Fingal Local Economic & Community Plan (LECP). The Local Government Act 2014 provides for the establishment of the LCDC.

The statutory functions of the LCDC include:

- To be responsible for national funding programmes at a local level. In 2018-2022 the Social Inclusion Community and Activation Programme (SICAP) provides funding to tackle poverty and social exclusion through local engagement and partnerships between disadvantaged individuals, community organisations and public sector agencies
- Facilitate the LEADER element of the Rural Development Programme (2015-2020) to support sustainable economic development projects for rural communities ranging from tourism, agri-food and to business activities
- Improve the co-ordination of public-funded local and community development programmes and reduce duplication
- The preparation and implementation of the community element and review of economic elements of the Fingal Local Economic & Community Plan

The 19 member LCDC has broad representation from public and private interests including business, local development, education, enterprise, agriculture, voluntary and Elected Members.

APPENDIX 3: Associated Statutory Bodies

PUBLIC PARTICIPATION NETWORK

The Fingal Public Participation Network (PPN) was introduced following the enactment of the Local Government Act 2014. PPNs are collectives of environmental, social inclusion and voluntary organisations. Representatives are nominated to participate in and inform Local Authority decision making structures. The Fingal Local Community Development Committee has five PPN nominees.

JOINT POLICING COMMITTEE

The Joint Policing Committee is established under An Garda Síochána Act 2005, with the most recent Guidelines for operation of JPCs issued on 29th August 2014.

Joint Policing Committees operate in a manner that offer an opportunity to develop greater consultation, cooperation and accountability between An Garda Síochána, Local Authorities and Elected Members, with the participation of the community and voluntary sector, on the management of policing and crime issues.

Each of the partners involved in JPCs has its own distinct perspective and inputs to offer, along with its own responsibilities in ensuring that society's needs are effectively met to maintain safe and secure communities.

Membership of the Fingal Joint Policing Committee consists of the following:

- 15 Elected Members (County Councillors)
